EDUCATION

BRAC UNIVERSITY — B.SC. IN ELECTRICAL & ELECTRONIC ENGINEERING (2024 - 2028)
SIR JOHN WILSON SCHOOL — IGCSE, IAL (2023)

PROFESSIONAL SUMMARY

Ambitious Electrical & Electronic Engineering undergraduate combining technical focus in Power Systems with elite operational leadership. Proven ability to manage high-profile programs with the World Bank, BHTPA, and ICT Division, leading 50+ volunteer teams to deliver large-scale initiatives with 20,000+ engagements. Leveraging strong ties with BPDB and energy sector leaders to drive technical innovation, startup growth (UIHP), and corporate partnerships. Recognized for strategic execution, stakeholder engagement, and bridging the gap between engineering theory and industrial application

RESEARCH INTERESTS

Power Systems: National Grid Stability, Renewable Energy Integration, and High-Voltage Transmission.
Telecommunications: 5G Network Architecture and AI applications in Signal Processing.
Semiconductors

LEADERSHIP & PROFESSIONAL EXPERIENCE

Vice Chair (Tech), Secretariat Ex-Com | IEEE Computer Society BDC
Mar 2026 – Present

- Directing national technical initiatives, bridging EEE hardware infrastructure with advanced computing (AI, VLSI, 5G).
- Collaborating with executives across top universities to curate high-impact, industry-aligned national seminars.

Chairperson, IEEE BRAC University Student Branch
Feb 2026 – Present

- • Leading the university branch ecosystem, managing cross-functional executive teams and 50+ active volunteers. • Driving high-level stakeholder relations and VIP protocols with national entities (BPDB, DESCO, SREDA) and Ulkasemi.
-

ComSoc Treasurer & Event Organizer | IEEE BRAC University
Jan 2025 – Present

- • Directed the IEEE Week & PES seminar series (300+ attendees) featuring DAAD scholars and industry experts. • Spearheaded the editorial launch of BYTE THE NEWS, the branch's inaugural tech publication covering 5G.

Campus Manager - UIHP, Smart Unibator, BRAC University
Mar 2024 - Aug 2024

- Government & International Liaison: Represented BRAC University in high-profile entrepreneurship initiatives partnered with the World Bank, BHTPA, and CED, ensuring compliance with international project standards.
- Program Execution: Coordinated logistics and participant engagement for large-scale workshops (200+ participants), bridging the gap between student innovators and government-backed funding bodies.
- Grant Acquisition: Secured BDT 50,000 pre-seed funding by placing 3rd in the competitive UIHP Startup Competition with Project Kaizen.

Founder & CEO - Project Kaizen (UIHP Startup Competition)
Mar 2024 – Nov 2024

- Developed and pitched a startup project, securing BDT 50,000 funding.
- Delivered pitch before ICT Division jury panel, showcasing KPI design & innovation.

ACHIEVEMENTS

- 3rd Place, UIHP Startup Competition — Project Kaizen (BDT 50,000 startup seed funding).
- Best Executive Award, Entrepreneur's Fest 3.0.
- Head of Star Management- Brac University Entrepreneurship Development Forum
